## Notes

(1) This file is a work-in-progress. Contents are subject to change as research progresses.

(2) All dates are given in the format day/month/year.

(3) Listed are all known race appearances of Porsche cars driven, entered, owned or prepared by Swiss driver André Wicky and his racing team from 1966-1977. Non-Porsche Wicky cars are not listed. Note the list is by no means complete.

(4) Some reservation is necessary with regards to car types listed, especially for later years, as sources sometimes mixed up Wicky's cars, for example listing a 910 as a 907 or vice versa. Since no photos are available for many entries listed, it is not always possible to verify whether the car type listed is correct.

(5) Wicky's Porsche 908/2 Flunder is listed as '908' in the table, and all types of 911 (S / R / T / TH) as simply '911'. The full chassis number for the 908 is 908/02-010 (ex-Richard Broström).

(6) The # symbol is used as a spaceholder for an unknown 910 chassis number.

(7) In the results column, oa = overall / cl = in class. Overall and class wins are listed in **bold**.

(8) Comments, corrections, questions and additions are of course welcomed.
